

Tips for Winter Touring

What does winter mean to you? Frosty walks? Snowy adventures? Warm log fires? Getting away in a camper van or motorhome lets you make the most of the short days and cold nights, with a little preparation first.

Whether you choose the larger motorhome or cosy VW camper, both have blown-air heating, bedding and hot drinks. The motorhome also has a shower, oven, microwave and hot water. With both you can be sure of a great winter adventure.

Read our Top Tips for winter touring below...

Top Tips for Winter Touring:

1. Pick your perfect destination. Are you looking for winter sun or snow? Rural break, coastal beauty or hills?
2. Book a cosy, easy-to-drive VW camper or larger, luxurious motorhome, at low-season rates, leaving money for extras like mulled wine and mince pies!
3. Book places to stay, preferably with electric hook-up, for warm evenings in and great facilities (or a Britstops pub with log fire!). There are over 700 open-all-year sites at searchforsites.co.uk.
4. Pack lots of layers and fleecy tops for warmth. Boots, waterproofs and winter woolies are great for active days out.
5. Take a camera for some beautiful wintery shots at dawn / dusk and relax!
6. Finally, pack treats for the kids (hot chocolate and marshmallows...)

What is included from Northallerton Motorhome Hire?

For enjoying winter **inside**:

- Blown air heating
- Warm bedding
- Kettle and hot drinks
- Cooker, sink and fridge
- Gas bottle with spare
- Games for the kids
- TV/DVD for quiet nights in (motorhome only)

For time **outside**:

- Cycle rack to take 4 bikes away (optional extra with the camper)

When you hire from us you get a full handover, Hirer's Handbook and 24-7 helpline. For any help or advice, please get in touch. Thanks,

Mark Lawn
